WASHINGTON, D.C. – Yesterday, House Budget Committee Chairman Jodey Arrington (R-TX) [joined](#) Kudlow guest host David Asman and Author and Economist Steve Moore to talk about the continued effects of Kamalanomics and the weight middle-class Americans have to burden under the Biden-Harris economy.

## CHAIRMAN ARRINGTON ON AOC CLAIMING HARRIS IS A MIDDLE-CLASS CHAMPION

*“She’s the chief economic arsonist with her accomplice, Joe Biden, who has set the whole nation ablaze with inflation, which is **the most regressive tax on these working people**. AOC is trying to protect with the recommendation of Kamala Harris. First of all, this is a card carrying socialist, right? Asking a socialist about economic advice is like asking a vegan how they like their steak cooked. If you should take the advice, it probably will end badly.”*

## CHAIRMAN ARRINGTON ON THE EFFECTS FROM KAMALANOMICS

*“Let’s talk about the real wages of these working people, our fellow Americans who are struggling with the pain that wages have gone **down 4 percent**. They’ve lost over \$1,000 a month.*

*The prices to pay rent, to keep their apartment or home air conditioned, and food and gas have all gone up. **All the basket of goods and services they use have gone up by 20 percent**. Mortgage rates have doubled so they’ve put homeownership out of reach. That’s why we have the highest credit card debt at **over \$1 trillion**. They’re paying an APR average of 20 percent. Consumer household debt is up at an all-time **\$18 trillion high**.*

*This is a beatdown on working Americans, and the cause and effect should be clear, **too much spending, too much taxing, too much regulation**. It’s all the things that Kamala Harris not only contributed to the last three or four years, **but what she’s proposing to double down on in the future as a solution**.”*
