

Chairman Arrington,

On behalf of our 8 million activists nationwide, we extend our gratitude for your inclusion of H.R. 2, the Secure the Border Act, in the FY 2025 House Budget Resolution.

NumbersUSA is a nonpartisan, nonprofit organization that believes better immigration policy is possible and needed, and the Secure the Border Act would bring an end to the border crisis that has overwhelmed the Border Patrol—and American communities—for more than three years. Its inclusion in your budget resolution underscores your commitment to bringing about sensible immigration policy.
